

# COVID Guidelines For Audiences

Live Theatre Workshop is committed to continuing great theatre while keeping our patrons, artists, and staff safe from the transmission of COVID-19. We closely monitor CDC and local health department recommendations to ensure that we align with the best practices. Below are our current guidelines and expectations.

These guidelines will be updated as health recommendations improve or worsen.

## VACCINATION

Proof of COVID-19 vaccination or a negative PCR test result within the last 48 hours is required of all patrons 12+ to attend indoor shows, student performances, and indoor events on the LTW campus. A negative test result should include your name, date of birth, and a timestamp of when the test was taken. Home tests will not be permitted. The PCR test result will be matched to your photo ID at the door.

## MASKS

All patrons must wear masks while indoors and throughout the duration of the performances. Performers are all vaccinated, tested weekly, and will not be wearing masks during the performance.

## SELF-WELLNESS ASSESSMENT

All patrons, staff, performers, and volunteers are asked to ensure they are feeling well and without COVID related symptoms before attending a production. If you aren't feeling well or aren't sure, we will reschedule your tickets.

## LIMITED SEATING

All productions will be limited to 70% capacity. All seating will be reserved. One or more chairs will separate all parties. Reservations are highly encouraged so that we can maintain distance and maximize seating capacity. Please let the box office know if you have special seating needs.

## DIGITAL PROGRAMS

There will be no physical programs. Programs can be accessed at the theatre with a smartphone and can also be emailed to you upon request. Show and performer information will be posted in the Lobby.

## SOCIAL DISTANCE

There will be plenty of outdoor space to spread out before, during intermission, and after the show. We ask that everyone maintain distance according to local safety guidelines.

## LIMITED TIME

Seating will begin no earlier than 30 mins before show time, with assistance and accommodations for patrons with special needs. Patrons are welcome to wait for seating in any of our outdoor spaces.

## AIR FLOW

HEPA filters and HVAC fans will run throughout the theatre to ensure a consistent exchange of fresh air.

## COVID EXPOSURE

All patrons, staff, performers, and volunteers are asked to remain at home if they have been in contact with someone who is known or suspected to have COVID-19 in the past 6 days.

***We cannot eliminate all risk of infection.***

***Please consider your personal health and circumstances when making the choice to attend live theatre.***
