Youth Classes:

Dramatic Exploration

A great beginning class that focuses on Storytelling and characterization.

Through the power of play, we use theatre games, song and dance to help open your child's wonderful imagination and create a small showcase that will be presented on the last day of class. By working together on a common goal, students learn the importance of teamwork, focus, self-confidence, and a variety of developmental skills that aid in creating theatre art. This class is offered on two different days of the week.

This class is designed for students who have a basic understanding of theatre arts. While working on a small showcase that will be presented on the last day of class, we introduce skills that will help our students advance onto the next level.

We work on character building, improvisational skills, and a deeper understanding of the production process. Students will leave this class understanding more advanced theatre terminology, stage movement, and how to work as a community.

Learn how to think on your feet, increase stage presence and reaction, and also the importance of teamwork on stage. Improv is a valuable tool for actors to practice their skills and it's fun too! We will have a showcase on the last day of class.

***Saturdays** Time: 10:00am - 11:00pm 6th - 12th Grade

One Week Camps for youth:

Spring Break Camps

All of our camps are an amazing and intense week of producing, acting, dancing, playing improvisation games, and exploring the technical side of the theatre arts. This is one of the best educational theatre experiences available! Camps are arranged by age and grade level and all skill levels are welcome! All of our instructors are trained to teach in a way that makes the entire experience fun and educational in a safe and low-pressure environment. While students will be very busy learning lines, acting, dancing, building sets, and producing their play; there is plenty of time for acting improvisation and theatre games. LTW's goal is to focus on the process of putting together a production and building a diverse community of young artists. We feel all students should understand what it takes to put on a show from start to finish with a focus on teamwork, personal responsibility, and thinking outside of the box. On the last day of camp, they will get to show off all their hard work with a showcase for their families.
